# Curtis Pannett

Hi, I'm Curtis Pannett.

I farm Hill Springs in the Teviot Valley with my wife Anna and our daughter Isla.

The Teviot Valley has always been home to my family, with eight years spent in Dunedin at boarding school and university, followed by time working overseas in America and Australia.

These experiences have broadened my perspective, taught me many life skills and deepened my appreciation for Central Otago.

My approach to council decision-making is grounded in a long-term perspective and pragmatic decision making. I will ensure that the decisions we make today will foster the ongoing wellbeing and success of our region well into the future.

In my spare time, I enjoy golf, aviation and my wife would argue farming.
