

## **Media Release**

19 March 2010

### **Cromwell Town Centre Urban Planning Public Meeting**

A public meeting will be held on 29 March at which time the results of an urban planning review of the Cromwell Town Centre will be presented.

The Cromwell Community Board earlier engaged Urbanism Plus, a nationally respected Urban Design consultancy to evaluate the recent work on the Town Centre and provide its technical expertise to move towards a practical solution that would be acceptable to the community. Addressing the needs and concerns of residents, community groups, land-owners, retailers and passing travellers has also been a consideration.

Urbanism Plus conducted a series of focus group meetings as well as a public workshop in Cromwell in early February. They returned later in the month to conduct an intensive three day workshop involving representatives from retailers and owners as well as members of such groups as Cromwell Promotions and the Cromwell Community Planning Group. Council staff with relevant areas of expertise also took part.

Urbanism Plus is returning to Cromwell to present its preliminary report. This is a great opportunity for residents of Cromwell and surrounding areas to see the first-cut outcomes and to give their initial thoughts on a possibly vision for the future of the Mall.

Everyone is invited to attend this meeting.

#### **Meeting Details:**

When: 7.30pm Monday, March 29

Where: Golden Gate Conference Centre, Barry Ave, Cromwell.
