MINUTE 3 OF INDEPENDENT CHAIR OF THE HEARINGS PANEL

The Panel notes the advice dated 7 October 2026 from the applicant's Counsel that the Ecological Management Plans requested in Minute 2 will be available for filing by 18 November 2026. Counsel also volunteers that closing submissions and final conditions could be filed at the same time.

While the Panel appreciate this offer, it would prefer to circulate and review the Ecological Management Plans, prior to receiving closing submissions. The Panel do not anticipate a significant delay between the receipt of the Ecological Management Plans and the invitation for closing submissions.

DATED this 13th day of October 2026
