

Sarah Browne

This is my second term as a Cromwell Ward Councillor and Community Board Member. I also hold responsibility for the Community Vision & Experience portfolios, and sit on the Audit & Risk Committee as well as the Hearings Panel and Assessment Committee.

I have called Cromwell home since 2008. I have four school-age children across 3 schools. Outside of Council I also work as an architectural draughtsperson. I have previously spent over a decade in senior management positions in the hospitality and tourism industry in the Queenstown Lakes & Central Otago regions.

I am heavily involved in several junior sports as a coach, mentor, manager and committee member, and love being involved with our rangatahi.

Central Otago is a growing and changing region and I am here to represent the working families in the daily juggle; ensuring our slice of paradise grows sustainably, ethically and appropriately and is welcoming to anyone who wants to call it home or to spend time here as a tourist. We must ensure that what we do today lays a solid foundation for our future generations to thrive.
