

Jim Moffitt

My name is Jim Moffitt and I live in Letts Gully representing the Vincent Ward.

I live with my partner Justine Baird, a Director of Checketts McKay Law.

We have 3 adult sons who attended Dunstan High School and continue to live and work their summer holidays in the area while studying.

Like many families, we want to see Central Otago thrive for future generations.

I am grateful and very humbled by my election to the Vincent Community Board.

I will represent our community with practical, no nonsense, balanced decision-making.

I understand the economic and environmental challenges facing our region and believe in solutions that reflect local values.

I am approachable, community-minded and committed to ensuring local voices are heard.

Amongst other things some of my focus is on being a voice for underrepresented groups in our community including youth and elderly.

Recycling, especially since the closure of Wastebusters, is an issue I believe needs addressing to mitigate confusion about what can be recycled and where it can be disposed.

I also believe Rates increases and rebate processes need to be clear and transparent so people can understand.

But most of all I want to be a community voice, using plain language to help our community thrive.
