

# **Tony Hammington**

I am looking forward to contributing in my second term on the Vincent Community Board. I actively support the Alexandra Blossom Festival and the local Museums, plus Promote Dunstan, KACB and the Haehaeta Nursery.

I see the Vincent Community Boards role is an enabler between the outstanding energy, passion and commitment of community groups and the resource and knowledge of the CODC, and the success and progress through the Vincent Community is reliant on collaboration between these parties.

Please contact me if you have any issues you want to progress.
