## Make a difference in Central Otago

- Facilitating and promoting sustainable growth
- Lifestyle benefits with a challenging role

Are you looking for the next step in your career? Are you a self-starter with a passion for supporting the economic growth of communities?

Central Otago is a beautiful, proud and thriving region that is brimming with opportunity. We are experiencing a period of unprecedented growth. To rise to all of the challenges (like water allocation, access to seasonal workers, ensuring a range of housing choices for everyone that lives here and access to affordable housing) and opportunities (like being a desirable place to live, a flourishing wine economy and an increased level of interest from the space technology sector), we are looking to recruit a Top Gun of economic development to help us realise our potential and navigate the path to economic success.

The role of Economic Development Manager at Central Otago District Council presents a genuine opportunity to work in an area where you will not only help us realise our undeniable assets, but also see the tangible outcomes of the contribution you make.

You will be someone who can think on your feet, make order out of chaos, communicate naturally and genuinely, and is comfortable forging a path without a GPS.

You will have a sound economic background or business experience, a high-level of political acumen, and be someone who earns people's trust and confidence, delivering on the things you say you will do.

Most importantly, you will be someone who has a can-do attitude and the necessary personal skills get to solutions that work. And you will be absolutely committed to making a world of difference in our piece of paradise.
